

## Scenic™ High Energy Hand Feeding Food

The food that offers pre-cooked ingredients  
for maximum absorption.

- ♦ An essential beginning and first step toward nutritional continuity from hatch to adulthood.
- ♦ Pre-cooked to meet stringent digestibility and sterility requirements of baby chicks.
- ♦ Readily absorbs warm water while still providing essential fibers for digestive track development and mobility.
- ♦ Scientifically researched, studied and tested.
- ♦ Measured and matched pre-mixes are used to control, iodine, copper, iron, and selenium.
- ♦ Low available iron level is consistently safer for all birds.
- ♦ No substitutions are allowed in the formula to achieve unmatched consistency.
- ♦ Developed and tested by expert professionals including avian nutritionists, avian veterinarians, and avian caregivers.
- ♦ Recommended by avian, wildlife, and zoo veterinarians.
- ♦ Better balanced vitamins, minerals, essential proteins and oils than pet store products.
- ♦ Long-term use in multi-generation breeding proves the efficacy and safety of the protocol.
- ♦ Captive manufacturing achieves unmatched quality and consistency.

## Scenic™ High Energy Hand Feeding Food

Scenic High Energy Hand feeding food is for larger birds that can use a higher energy base. The formula comes as a dry powder ready to be mixed with water.

### Feeding Protocol

Please check our web site for ideas on how to feed these innovative foods. [www.scenicbirdfood.com](http://www.scenicbirdfood.com)

### Guaranteed Analysis (AF\*)

|               |          |          |          |
|---------------|----------|----------|----------|
| Crude Protein | 24% min. | Moisture | 10% max. |
| Crude Fat     | 9% min.  | Ash      | 7% max.  |
| Crude Fiber   | 7% max.  |          |          |

### Selected Nutrients \*\* (AF)

|                |                 |                      |              |
|----------------|-----------------|----------------------|--------------|
| Available Iron | 80 ppm min.     | Methionine & Cystine | 0.9% min.    |
| Calcium        | 1.2% min.       | Copper               | 20 ppm min.  |
| Phosphorus     | 0.7% min.       | Iodine               | 2.5 ppm min. |
| Vitamin D-3    | 3500 IU/Kg min. | Selenium             | 0.3 ppm min. |
| Lysine         | 1.2% min.       |                      |              |

### Ingredients

Whole grain white corn, soy protein isolate, corn gluten meal, rice flour, sucrose, soybean oil, sugar beet pulp, zinc sulfate, flaxseed oil, dicalcium phosphate, niacin supplement, manganese sulfate, ferrous sulfate, potassium chloride, calcium carbonate, calcium pantothenate, copper sulfate, riboflavin supplement, thiamin mononitrate, dl-methionine, choline chloride, sodium chloride, l-lysine, cobalt oxide, folic acid, menadione nicotinamide bisulfite, l-ascorbyl-2-polyphosphate (source of vitamin C), pyridoxine hydrochloride, magnesium oxide, propionic acid, ethylenediamine dihydriodide, d-biotin, sodium selenite, vitamin B-12 supplement, vitamin A supplement, vitamin D-3 supplement, vitamin E supplement.

\* As fed. \*\*Estimates are provided to establish the quality of the food. A complete list is available from the company.
