

Scenic™ Lory Food

The safe and economical dry food for Lories.

- Available in both a small pellet and a dry powder that can be used in a wide variety of feeding protocols for lories, lorikeets, hanging parrots, and other frugivore birds.
- Nutritionally similar to foods consumed in the wild, which helps avoid captive starvation.
- Allows birds with specialized eating structures to mimic feeding behaviors used in the wild.
- Eliminates the need for Liquid Nectar Solutions (LNS) that leave too much moisture in the cage and cause the spread of undesirable bacteria.
- New once-a-day feeding protocol saves time and effort. Easy and safe conversion protocol.
- Scientifically researched, studied and tested.
- Captive manufacturing achieves unmatched quality and consistency.
- Measured and matched pre-mixes are used to control iodine, copper, iron, and selenium.
- Low available iron level is consistently safer for all birds while still avoiding iron-deficiency anemia.
- Developed and tested by expert professionals including avian nutritionists, avian veterinarians, and avian caregivers.
- Recommended by avian, wildlife, and zoo veterinarians.
- More vitamins, minerals, essential proteins and oils than pet store products.
- Long-term use in multi-generation breeding proves efficacy and safety of the protocols.

Scenic™ Lory Food

Scenic Dry Lory Food is available as an all natural powder or small grain-shaped food about 3 mm in diameter.

Feeding Protocol

Primarily used as basis for a fruit and vegetable or liquid feeding protocol. Most birds in these groupings will consume about 10 grams of Lory Food per day.

Please contact the company for advice and direction. We have many protocols on hand.

Many aviculturists follow this general outline:

Frugivores	50% Scenic & 50% fruit, veggies
Hanging Parrots	50% Scenic & 50% fruit, veggies
Lories	50% Scenic & 50% fruit, veggies

Guaranteed Analysis (AF*)

Crude Protein	22% min.	Moisture	10% max.
Crude Fat	9% min.	Ash	6% max.
Crude Fiber	6% max.		

Selected Nutrients ** (AF)

Available Iron	80 ppm min.	Methionine & Cystine	0.9% min.
Calcium	1.2% min.	Copper	20 ppm min.
Phosphorus	0.7% min.	Iodine	2.5 ppm min.
Vitamin D-3	1600 IU/Kg min.	Selenium	0.3 ppm min.
Lysine	1.2% min.		

Ingredients

Whole grain white corn, soy protein isolate, corn gluten meal, rice flour, sucrose, soybean oil, sugar beet pulp, zinc sulfate, flaxseed oil, dicalcium phosphate, niacin supplement, manganese sulfate, ferrous sulfate, potassium chloride, calcium carbonate, calcium pantothenate, copper sulfate, riboflavin supplement, thiamin mononitrate, dl-methionine, choline chloride, sodium chloride, L-lysine, cobalt oxide, folic acid, menadione nicotinamide bisulfite, l-ascorbyl-2-polyphosphate (source of vitamin C), pyridoxine hydrochloride, magnesium oxide, propionic acid, ethylenediamine dihydriodide, d-biotin, sodium selenite, vitamin B-12 supplement, vitamin A supplement, vitamin D-3 supplement, vitamin E supplement.

* As fed. **Estimates are provided to establish the quality of the food. A complete list is available from the company.
